

Terms of Service

Effective date: [TBD before publish] **Last updated:** [TBD] **Version:** 1.0 — DRAFT pending Bangladesh-qualified legal review.

⚠️ **DRAFT — pending lawyer review.** Not for production use until a Bangladesh-qualified lawyer has reviewed and confirmed this document satisfies the Bangladesh Contract Act and the disclosure standards expected for an institutional research-and-infrastructure organization.

1. Acceptance of these Terms

By accessing the public website at `daemion.com`, submitting an inquiry form, sending correspondence to a Daemion mailbox, or applying to a Daemion careers posting, you ("you", "the visitor") agree to these Terms of Service ("Terms") and to the [Privacy Policy](#).

If you do not agree, do not use the website or submit material to Daemion.

These Terms govern the **public website and inquiry surfaces only**. Direct engagement with any Daemion product (Eidolon, Kheiron, Merqis, Aevum) is governed by a separate engagement-specific agreement executed at the point of engagement. That agreement supersedes these Terms for the work it covers.

2. The operator

The Daemion website and inquiry infrastructure are operated by [LEGAL ENTITY NAME — e.g. **Daemion Technologies Ltd**] ("Daemion", "we", "the operator"), incorporated in Bangladesh. Registered office: [REGISTERED ADDRESS]. Trade license: [TRADE LICENSE NUMBER]. TIN: [TIN NUMBER].

3. Scope of the public surface

The Daemion public website provides:

1. Editorial information about Daemion's organization, divisions, products, and research.
2. Inquiry forms and mailboxes for routing correspondence to the appropriate Daemion office.
3. Careers postings and the means to apply.
4. Links to Daemion's privacy, terms, and data-deletion documents.

The public surface does not provide a product, a self-serve account, a free trial, or any persistent user-controlled state. There is no login, no dashboard, and no consumer-facing service.

4. Acceptable use

By using the Daemion public surface, you agree to:

1. Use the surface only for the purposes described in §3.
2. Not submit material that is unlawful, infringing, harassing, fraudulent, or that violates the rights of any third party.
3. Not attempt to circumvent any technical protection, rate-limit, or anti-abuse mechanism.
4. Not attempt to access, probe, or test the vulnerability of any system other than via the responsible-disclosure process described in §10.
5. Not submit automated or programmatic inquiries, except where Daemion explicitly publishes an API for that purpose.
6. Not impersonate any person, organization, or institution.

Daemion may, at its discretion and without notice, restrict or revoke access to the public surface for users who breach these terms.

5. Intellectual property

All content on the Daemion public website — text, marks, layout, design, code, and editorial material — is the property of Daemion or its licensors. The marks "DAEMION", "Eidolon", "Kheiron", "Merqis", "Aevum", and the division and laboratory names listed on the site are trademarks of Daemion.

You may: - Read, link to, and quote brief excerpts of the public content for journalistic, academic, or commentary purposes, with attribution. - Reproduce press materials in accordance with terms supplied by the Press office (press@daemion.com).

You may not: - Reproduce substantial portions of the website without written permission. - Use Daemion's marks in a manner that suggests affiliation, endorsement, or partnership where none exists. - Scrape, mirror, or republish the website's content.

6. Inquiries and submitted material

Material you submit through inquiry forms, mailboxes, or careers applications is processed as described in the [Privacy Policy](#).

You represent that any material you submit is yours to submit and does not infringe the rights of any third party.

By submitting an inquiry or application, you grant Daemion a non-exclusive, time-limited license to read, route, and respond to the submission, and to retain the submission per the retention schedule in the Privacy Policy.

Daemion does not solicit confidential information through public inquiry forms. Do not include confidential, classified, or trade-secret information in a public-form submission. If a confidential exchange is required, request a secure channel before transmitting material.

7. No advice; no representations

Editorial content on the Daemion website describes Daemion's organization, work, and intent. It does not constitute investment advice, legal advice, technical advice, or any form of professional advice.

Statements describing future Daemion products, research, divisions, or phases reflect Daemion's intent at the time of writing. Such statements are not commitments and may change without notice.

8. Disclaimer of warranties

THE PUBLIC WEBSITE AND INQUIRY SURFACES ARE PROVIDED "AS IS" AND "AS AVAILABLE". TO THE FULLEST EXTENT PERMITTED BY LAW, DAEMION DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, ACCURACY OF EDITORIAL CONTENT, AND UNINTERRUPTED OPERATION.

This disclaimer does not apply to product engagements, which are governed by their own warranties and obligations under the relevant engagement agreement.

9. Limitation of liability

TO THE FULLEST EXTENT PERMITTED BY LAW, DAEMION SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, OR PUNITIVE DAMAGES ARISING OUT OF OR IN CONNECTION WITH YOUR USE OF THE PUBLIC WEBSITE OR INQUIRY SURFACES.

DAEMION'S TOTAL CUMULATIVE LIABILITY FOR ANY AND ALL CLAIMS ARISING OUT OF YOUR USE OF THE PUBLIC SURFACE IS LIMITED TO BDT 50,000.

This limitation does not apply to liability that cannot be excluded under Bangladesh law.

10. Responsible disclosure

Daemion accepts security disclosures at security@daemion.com . A PGP key is published at [URL TBD].

Researchers acting in good faith under the responsible-disclosure process — testing only systems they are authorized to test, not exfiltrating data beyond what is necessary to demonstrate the vulnerability, providing Daemion a reasonable window to respond before public disclosure — are welcomed and will not be subject to legal action by Daemion in respect of the disclosed activity.

11. Indemnification

You agree to indemnify and hold harmless Daemion, its officers, employees, and contractors from any claim, loss, liability, or expense (including reasonable legal fees) arising out of:

1. Your breach of these Terms.
2. Your violation of any law or third-party right in connection with your use of the public surface.
3. Material you submit to Daemion that you did not have the right to submit.

12. Governing law and forum

These Terms are governed by the laws of **the People's Republic of Bangladesh**. Any dispute arising out of or relating to these Terms or the public surface is brought before the courts of **Dhaka, Bangladesh**.

This clause does not affect any mandatory consumer-protection or data-protection rights that apply to you under your local law.

13. Changes to these Terms

Daemion may update these Terms from time to time. Material changes are recorded in the version history at the foot of this document. The effective date at the top of the page reflects the date of the most recent material change. Continued use of the public surface after a change indicates acceptance of the updated Terms.

14. Severability and entire agreement

If any provision of these Terms is held unenforceable, the remaining provisions remain in force. These Terms, together with the Privacy Policy and any engagement-specific agreement, constitute the entire agreement between you and Daemion in respect of the public surface.

15. Contact

For questions about these Terms:

- **Email:** office@daemion.com
- **Postal:** [REGISTERED OFFICE ADDRESS], Dhaka, Bangladesh

For privacy and data-protection inquiries: privacy@daemion.com . For security disclosures: security@daemion.com .

Document control: revision **1.0 (DRAFT)**. Owner: Company Office. Review cadence: every 12 months, or whenever a material change is required by law, by changes in Daemion's structure, or by changes in the scope of the public surface.
